

## Keep your data private with a private connection between your operations in New York and Chicago

**Introducing Business Only Broadband™ WiMAN CityCONNECT™**, our most secure service, helping your company achieve 100 percent uptime and privacy. How? First, we connect your operations in each Metro Area to our Wireless Network. Then, over secure diverse fiber connections, we connect to our data centers in each Metro Area – seamlessly linking your geographically diverse LANs. Available in New York, New Jersey and Chicago.

### Network Benefits

- 100 percent wireless infrastructure in New York and Chicago
- No common infrastructure with the LEC
- Secure diverse fiber connection between New York and Chicago connecting BOB's wireless network in each city
- Fully meshed, self-healing architecture
- Scalable bandwidth on-demand
- 1 Mbps to 1 Gbps
- BGP/advanced routing
- Secure MPLS architecture with Layer 2 and Layer 3 services
- 24/7/365 NOC and network monitoring
